

## Data sheet optic PR104-S

Order-No:	PR104-S
Size of measuring mark	2mm Diameter by connection of 2mm fibre
Mounting distance	6,2mm (from the leading edge)
Connection of light guide	SMA-Plug
Material	Aluminium coated
Operating temperature	-30 bis +60 Degree Celsius

The figure shows the change of intensity at variations of the mounting distance.

At arrangement of the optic it has to be observed that the transmitter is always upright to the surface of the test object. In case of round parts like spindles or tubes, which will be moved below the optic, the arrangement shown on the left side of the figure is recommended.
